*Hubhopper amplifies the podcasting experience with Pro features*

*Dais World | 26/12/2022 07:19 PM*

*Hubhopper, a leading podcast platform, has launched its Pro plan for users to create, host, and distribute podcasts with additional advanced features that will take their podcasting game to another level.*

*While the Basic plan offered by Hubhopper is an essential tool kit for creators who want to get started with their podcasting journey, the Pro plan is a power kit with professional tools for podcasters who want to go pro and beyond.*

*"Hubhopper's primary mission has always been to create a dynamic platform for audio artists in the country to showcase their talents. Hubhopper has already become a one-stop destination for budding artists who strive to embark on the majestic journey of podcasting. Our new Pro plan will further enhance the audio sharing experience of the podcasters by providing advanced features to make hosting, creation, distribution, analytics, monetization, or promotion of podcast at a pro level," noted Gautam Raj Anand, Founder and CEO of Hubhopper.*

*With the Pro plan live, users can get a 14-day free trial to try all the premium features and explore podcasting on an advanced level. Tools like third-party data analytic prefix, watermark removal option, unlimited episode scheduling, and creation of up to 5 podcasts per account will help creators get more out of their podcasting journey.*

*Additionally, users can also better understand their audience through advanced analytics like operating system break-up data, device break-up data, and platform-wise break-up data. These analytics can be easily accessed using custom date range and downloaded as CSV.*

*2022 has been a remarkable year for podcasting where a tremendous growth was seen in the industry. Hubhopper's pro plan is a step towards providing creators with tools and support that will help them elevate their podcast growth and start their professional journey in this rapidly growing space.*
