Here are some tips and tricks to ensure you're the star of the day and night:

- **Prep your skin:** *Start with a clean, moisturized face to achieve that magical makeup glow. A good skincare routine is the secret behind a flawless base. Then, use a hydrating primer and foundation to create the perfect canvas for your makeup. This step ensures your look stays put throughout the day and night*
- **Give due attention to your brows:** *Define your eyebrows with an eyebrow pencil to make your eyes stand out, especially when you're playing with vibrant colours from our festive palette*
- **Add drama to your lashes:** *Make your lashes pop by adding some curl and volume. Mascara can work wonders to open up your eyes*
- **Perfect the look of your lips:** *Lip liners are your best friends for keeping your lipstick intact. Choose the perfect shade to match your outfit and add a touch of magic to your smile.*
- **Lastly, set the spell:** *Complete your makeup with a setting spray that ensures your look stays in place from sunrise to starlight.*
